

Animal Derived Component Free

This letter certifies that HandyTube's manufacturing process has been verified to ensure any animal-derived products that might come into contact with the product go through a specialized distillation process designed to inactivate any potential Bovine Spongiform Encephalopathy. This process is in accordance with EU Scientific Steering Committee guidelines and has been adopted as an approved method by international directives and regulations.

If you have any questions, please contact me at (302) 697-9521.

Sincerely,

Rebecca Reimer
Environmental, Health and Safety Manager
